

City of Bellevue

2011 Mission Statement

Preamble: To be ranked as one of the nation's best cities in terms of fiscal responsibility, environmental stewardship, innovation and integrity, reflecting continuous growth and economic vitality.

Mission Statement: Provide exceptional customer service, uphold the public interest and advance the Community Vision.

Vision Statement: Be a collaborative and innovative organization that is future focused and committed to excellence.

Organizational Core Values

Stewardship-preserve and enhance the community's environmental, financial, human, and physical resources;

Innovation-encourage and reward creative ideas and solutions;

Integrity-trustworthy, truthful, and ethical;

Commitment to Employees-Value all employees and their contributions and treat each other with caring and respect. Creative service and ethics that promotes and encourages the highest level of efficiency, effectiveness and professionalism.

Exceptional Public Service-Deliver outstanding service to Bellevue, Nebraska Residents. Provide timely and reasonable response to our community.

Community Participation-Engage community members to shape and manage their community.

Bellevue Key Initiatives

Long-range Financial Planning

- Identify major external trends and other factors that will influence service and capital needs through the year 2020
- Create a financially sustainable environment that will allow the city to deliver service and to invest in capital priorities for the foreseeable future
- Facilitate policy discussions to further future operating and capital sustainability
- Promote sound policies resulting in a consistently balanced budget system that aligns the revenue expenditure base

Environmental Stewardship

- Work toward sustainable operational practices
- Engage employees, residents and businesses in sustainable practices
- Build on Green Bellevue's reputation as an environmental innovator and leader

City of Bellevue Mobility and Growth Initiative

Contribute to healthy neighborhoods by creating better places to walk, facilitating multi-modal traffic, efficiency and maintaining our city roads

- Increase alternatives to solo driving by boosting bike lanes, pedestrian amenities and improving transit routes
- Create a community that is safe and environmentally sensitive, and aesthetically and architecturally pleasing; offering diverse employment, cultural, recreational and educational opportunities.
