

April 8, 2019

Water remains in Haworth Park as of 9:00am this morning from the March 2019 major flooding event in our area. Due to these circumstances, the City of Bellevue Parks Department will not be accepting reservations at the Haworth Park RV Park and Campground at this time and do not envision opening Haworth Park to campers anytime soon.

Please check back periodically to [www.bellevue.net](http://www.bellevue.net) for updated information as the cleanup process gets started and the assessment of damage can begin.
