Haworth Park Campground to Remain Closed for the 2020 Season

Due to the major flooding of 2019, The City of Bellevue will not open or accept reservations at the Haworth Park RV Park and Campground for the 2020 season. City officials are assessing the situation and have made no final decisions regarding opening this campground in the future!

The City of Bellevue's Public Works Department is working toward opening the boat ramps and athletic fields to the public for the Spring 2020 season so please check back periodically to www.bellevue.net for updated information on Haworth Park.
